

# Liverpool International Football College

## Introduction

Liverpool Football College provides a high quality experience for 16-19 year olds who are interested in pursuing further education and a career in football such as coaching, performance analyst and in the sport industry. Taster sessions cover elements of the academic timetable, the outstanding football programme and cultural aspects, to give students an insight into life in Liverpool.

## The Football Programme

Full time students study at Auckland College, while practical sessions will be delivered at Liverpool Football College. Full time students work towards gaining qualifications such as BTEC Sport, FA Coaching Awards, and English Language. Working with a top coaching team and sport scientists, they will be living, preparing and competing like young professional footballers.

Practical sessions will enable students to compete at high levels of youth football. This will give them the opportunity to develop their talents in an outstanding environment.

There have already been numerous success stories with players progressing into professional football, coaching jobs and UK and USA Universities.

## Taster Courses
